Exercise 1 Are Jacobson and Tellefsen testing any hypothesis? Is so, which one?

Solution.

Exercise 2 How were the experiments designed? Describe the experimental setup briefly. In your description, include answers to the following sub-questions:

- How were the test persons selected?
- What objects were hidden?
- How were the hiding places selected?
- Were Jacobson's and Tellefsen's experiments performed under double blind conditions, and if so, what does that mean?

Solution.

Exercise 3 Were the results statistically evaluated?

Solution.
